

TAKING A CLOSER LOOK:
REDEEMING THE STORY

QUESTIONS FOR GROUP DISCUSSION OR PERSONAL THOUGHT: No matter how much we talk about all this, nothing will change until we, as the church, change the course.

1. What can you think of that might be missing from the list above that was discussed on the video?

2. What things does our church do well in the areas listed?

3. What do we need to differently or add to what we are doing well, and how can we begin?

4. When it is men who have the biggest sex drive, why do you think God warns them about immoral women, but not so much the other way around?

THE SEXUAL HEALING BIBLE STUDY - *The Path to Sexual Healing* by Linda J. Cochrane

PRAYER TIME:

1. Let’s take time to repent together on behalf of the body of Christ in our city that we have allowed immorality to go unchecked in our churches.
2. Let’s ask God to show us how to break the strongholds of the enemy on the church in multiple congregations in our city.
3. Let’s pray for our pastor(s) and ministry leaders to be convicted of ways that our church has overlooked sexual sin and to lead our congregation in biblical truth and any needed sexual repentance.
